Attention is called to the advertise-
ment of The G. W. Hyde Company,
who are advertising the great mid-
winter bargain sale, Monday, the 14th
inst. This firm, which is one of the
largest in this section of Florida, is of-
fering some great bargains in bleach-

ings, muslins, outings, etc., and a
glance at the prices will convince the
reader that now is the time to pur-

The government employs inspectors
to report all violations of the adultera-
tion of foodstuff law. But it don't
protect you from the unscrupulous

the high price of leather, is using pa-

ters. Your only protection in this
matter is to buy from dealers who
know the shoe business sufficiently to
detect the fraud. Hyde & Tenen.

this issue, Mrs. R. Wilson will begin a

B. F. Hampton yesterday received
information from Tallahassee that the
members of the Railroad Commission
would visit Gainesville on February
5th to consider the matter of requiring
the railroads to establish a union
depot, and also to look over the land
for location of same. The necessity of
a union depot in this city was brought
to the attention of the Railroad Com-
mission by the Board of Trade after
persistent efforts on the part of The
Sun to get that body to take such
action, and it is probable that the rail-
roads will be required to establish such
depot at once.

PUPILS AND TEACHERS WERE VERY HAPPY

At the Opening of Spring Term
University High School.

THE ATTENDANCE WAS LARGE

And After Exchanging the Compliments of the Season, Faculty and Students Got Down to Business With An Earnest Determination.

By The Sun's Special Correspondent.

It was a cheerful and happy crowd of pupils and teachers that gathered in the High School yard last Monday morning, as exchanging greetings of "Happy New Year" or discussing the events of the vacation, they waited for the ringing of the "line-up" bell. Promptly at 8:15, with everybody in place, the work was resumed as if there had been no holiday vacation. The pupils all seemed to resume their work with increased interest and vigor and really to enjoy getting into harness again. Good lessons, cheerfulness and earnest work generally was noticeable throughout the whole school.

The work of the new year started off most satisfactorily, and has so continued throughout the week. One thing at least can be said in praise of our school this year: both pupils and teachers are not only cheerful, but happy. A general spirit of good will and harmony pervades the entire school, which cannot fail to exert a lasting influence for good upon the lives of the children. The principal and teachers are proud of the good order and good conduct of the pupils, and the pupils are justly proud of the good name the school is making for itself, or rather that they are making for it. Each teacher seems to think she has the best pupils in the school, and each grade is certain it has the best teacher, and doubtless each is correct. The principal was never more enthusiastically cheered than when he said the other morning at chapel that no school in the State had a faculty of more capable, conscientious and efficient teachers.

Several new pupils have entered this week, both in the grammar and High School departments. The enrollment has now reached 494, ninety-three of which are in the High School department. In order to accommodate the new pupils in the High School, the principal has been compelled to place desks in the two cloak rooms.

Miss Nannie McIntosh, one of the teachers of last year, was a welcome visitor at chapel last Monday, and was the recipient of much affectionate attention from her former little pupils.

Corr Bennett, from the University, with his sister, Valera, entered the High School for an irregular course last Monday.

The honor banner in attendance and deportment was won last month by the Fifth Grade, Miss Brant teacher, and is now carried alternate weeks by Sarah Dawkins and Pratt Johnston, who ranked first in their grade last month. Pratt is the first boy so far to carry the banner.

The contest for the banner was very close between the Third, Fifth, Sixth and Eighth grades. The following is the standing of each of these grades for December:

Third Grade—Attendance, 94.5 per cent; deportment, 96 per cent; average, 95.2 per cent.

Fifth Grade—Attendance, 97.3 per cent; deportment, 97 per cent; average, 98.5 per cent.

Sixth Grade—Attendance, 93.5 per cent; deportment, 97.1 per cent; average, 95.3 per cent.

Eighth Grade—Attendance, 95 per cent; deportment, 97.1 per cent; average, 96 per cent.

Mr. McBeath is now wearing two society pins, as on last Tuesday a committee from Euclean Society called on him in his office and the chairman, Miss Heloise Vidal, announced to him he had been elected an honorary member, and in a neat little speech presented him with a beautiful gold Euclean pin.

The Sophomores are now helping Caesar to conquer Gaul. They say that if he was as hard to whip as he is to read, they do not wonder at his getting the best of those poor heathen, but Miss Trotter is a good general and under her leadership they hope to come out victorious.

Wise Counsel From the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured—so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at all drug stores. Price 50c.

Notice.

The annual meeting of the Gainesville Public Library Association will be held at the Library building Tuesday afternoon, Jan. 15, at 4 o'clock. A full attendance is requested, as this is the time for the election of officers for the new year.

Coughs of

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

HAWTHORN NEWS NOTES.

Colored Man With General Harney in Indian War Dead.

Hawthorn, Jan. 11.—Still they come to Hawthorn.

Mr. and Mrs. M. E. Blakeman of Bridgeport, Conn.; W. L. Cox of Pomon, and G. C. Nicholson of West Virginia, have recently registered at Moore's.

Mr. Reno, wife and daughter of Pittsburgh, Pa., are at the Littledale House.

Cupid has been about again. This time the arrow struck Mr. Alva Baker and Miss Emma, the charming daughter of Mr. and Mrs. Nathan Price. They are now on their wedding tour, and Cupid is seeking other hearts to win.

We are glad to note that Mr. Fullwood McIntosh, whose life was lately despaired of, has now fully recovered.

Mr. Hammond has been improving his store and Mr. Barnett is building a second large addition to his.

The pioneer grass introduced by Dr. G. L. Sippell bids fair to become an excellent grass for winter forage, as is evidenced by that in Mr. Moore's lot. The late frost did it no damage.

Several of our colored people died this week. Among them the venerable Henry Smith who was with Gen. Harney during the Indian war. He was highly respected for his honesty and integrity and leaves many friends among the whites as well as among the colored.

It is rumored that Mr. Waite has sold his mercantile interests here and is to enter the naval stores business.

Hawthorn is a progressive, enterprising little town. Everyone busy as the busy bee. So much so that those who desire to employ can scarcely find anyone that is not already employed.

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

The "Advance Guard."

The "advance guard" of the Uniontown, Pa., party, in the persons of Commodore R. W. Beall and Dr. J. A. Batton, have arrived, and are again greeting their old Florida friends.

It has been the annual custom of a half dozen prominent Uniontown people, professional and business men, to visit Gainesville and go into camp near Palmer for a few weeks. The party has an elegant camp site on a beautiful clear lake, and spends the time in hunting and fishing, the members being enthusiastic sportsmen.

Messrs. Beall and Batton announce that other members of the party expect to leave Uniontown on the 15th inst. and immediately upon their arrival here will go into camp. In the meantime these gentlemen will make all preparations.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at all drug stores. 50c and \$1. Trial bottle free.

Italian Lawyers Strike.

Rome, Jan. 12.—A strike of lawyers in Italy has been declared. A number of barristers and solicitors met and after examining the proposals of Minister of Justice Gallo for legal reform, determined to ask the lawyers in all Italian towns, to strike against them and to remain on strike until the measures are withdrawn. The minister has referred the reform measures to the chamber of deputies for discussion.

CATARRH PREPARES THE SYSTEM FOR CONSUMPTION

While Catarrh in its first stages usually affects the head, it does not stop there if the trouble is allowed to run on. The contracting of a cold is generally the commencement of the unpleasant symptoms of ringing noises in the ears, nose stopped up, mucus dropping back into the throat, hawking and spitting, etc. The inner skin or mucous membrane of the body becomes inflamed and secretes an unhealthy matter which is absorbed into the blood, and Catarrh becomes a serious and dangerous blood disease. Every day the blood becomes more heavily loaded with these poisonous secretions, and as the poisoned blood constantly passes through the lungs they become diseased, and often Catarrh terminates in Consumption. Sprays, washes, inhalations and such treatment do no good, because they do not reach the poison-laden blood, where the real trouble lies. The only way to cure Catarrh is to purify and build up the blood. S. S. S. has been proven the remedy best suited for this purpose. It gets down to the very bottom of the trouble and removes every trace of impurity from the circulation, freshens this life stream and, as this healthy blood goes to every nook and corner of the system, Catarrh is driven out and a lasting cure made. The inflamed membranes and tissues heal, the secretions cease, the head is cleared and the entire system renovated and put in good condition by the use of S. S. S. Write for free book which contains valuable information about Catarrh and for any special medical advice you desire, without charge.

DEATH OF EDWIN PEARCE.

One of Alachua County's Oldest Citizens Passed Away Saturday.

Information was received in this city Saturday of the death of Edwin Pearce, which occurred at his home in Alachua early on the morning of that day.

Deceased was about seventy-nine years of age. He was a native of South Carolina, but has been a resident of Alachua county for the past thirty years. He is survived by two sons, LeRoy N. and Archer Pearce, and three daughters, Mrs. S. M. Bruton of this city, Mrs. Prescott and Miss Ada Pearce of Alachua, to all of whom sympathy is extended.

Deceased being a member of the Methodist church, the ritual of that church will be used in the funeral services, which will be conducted today.

FELL ON THE STREET.

Joe Jackson, a Waiter, Succumbed to Heart Trouble—Taken Home.

About 7:45 o'clock Saturday night, while walking along West Main street in the vicinity of the Brown House barber shop, Joseph Jackson, a colored waiter, was affected by heart trouble, and fell upon the street.

The incident created a great deal of excitement, as the street was crowded at the time. Friends of the man who happened to be in the vicinity lifted the unfortunate and carried him into the pressing club, when a physician was summoned.

Jackson was taken to his home, where it is hoped he will recover.

CARLOAD OF JERSEYS.

Spring Park Stock Farm Company Makes Another Valuable Purchase.

The Spring Park Stock Farm Company, always desirous of stocking their farms with the best cattle that can be secured, has purchased another carload of fine registered Jerseys from the famous Belmont farms, Smyrna, Ga.

Manager Callison has just returned from the Belmont farms, where he personally selected these cattle. The car, which is in charge of T. H. Waterworth, head stockman at Spring Park, is expected to arrive in the city today.

The Florida Life Insurance Company.

This company was incorporated under the insurance laws of Florida with an authorized capital of \$1,000,000, and is managed and controlled by successful insurance and business men, of which 27 are bankers.

On January first the company had over \$800,000 of insurance in force, which clearly demonstrates the generous patronage and loyalty to a home company.

It also demonstrates the fact that the people of Florida are beginning to realize the importance of keeping their insurance money at home, where it will be invested to promote the interests of the communities from which received.

The Florida Life issues all approved forms of policies on the non participating plan, payable at the option of the insured in either one sum or installments. The rates charged are considerably less than those charged by companies selling so-called "participating policies," and it will be to the interest of anyone desiring to insure to investigate the policies of this company.

W. L. Hill is the representative of this company in this section of the State and will take pleasure in furnishing any information desired.

UNIVERSITY BOYS' BALL.

Two Fraternities of the College Entered Friends Friday.

One of the most enjoyable hops of the season was that given by the Pi Kappa Alpha and the Kappa Alpha fraternities of the University of Florida at the opera house Friday night, when a large number of the young people of the city were present and enjoyed themselves to the fullest extent.

The program, which comprised twenty numbers, opened with the grand march, which was gracefully led by Lieutenant and Mrs. Ball. About twenty couples participated, and many and intricate were the figures of this march. Following the march the regular program was taken up, and until a late hour the guests tripped the light fantastic toe to their heart's content, four extra numbers being added.

The music was furnished by Till's orchestra of Jacksonville.

The visiting young ladies who attended were Miss Dorothea, Jacksonville, Miss Souter, Ocala, Miss Burke, Jacksonville, Miss McCanless, Salisbury, N. C., and Miss Dowd, Arcadia.

Four members of the A. T. O. fraternity of the University were present by invitation of the fraternities under the auspices of which the ball was given.

This was one of the pleasantest social occasions of the season, and will long be remembered by those who were fortunate enough to be present.

Why

should your baby suffer? When he is fretful and restless don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known medicine and cure for all children's diseases. It is mild in its action, builds up the system, makes thin puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. M. Johnson.

Raise Price of Glazed Kid.

Philadelphia, Jan. 12.—Representing an industry whose yearly production is valued at more than \$65,000,000, the Morocco manufacturers' National association in annual meeting here decided to advance the price of glazed kid. The advance is due to a rise in the price of raw material, goat skins having undergone an increase of from 15 to 20 per cent and to increases in the wages of employees and the cost of chemicals entering into the manufacture of the kid.

How to Prevent Bilious Attacks.

One who is subject to bilious attacks will notice that for a day or more before the attack he is not hungry at meal times and feels dull after eating. A dose of Chamberlain's Stomach and Liver Tablets when these first symptoms appear will ward off the attack.

BEWARE OF "DIGESTIVES."

The Only Way to Cure Stomach Disorders is by Strengthening the Digestive Organs.

The ordinary pepsin tablet has ruined more stomachs than all other causes combined. While it gives temporary relief, it leaves the digestive system weaker than ever, and the tablets must be continued with increased frequency.

The only way to permanently cure stomach troubles is by strengthening the digestive organs with a Mi-o-na stomach tablet taken before meals. In this way the remedy prepares the stomach for the food and excites the secretion of gastric juices so that, when the food is eaten, the stomach is prepared to digest it.

If Mi-o-na was a mere digestive, it would be taken after eating, so as to mix with the food, but then permanent relief would not be gained.

Mi-o-na stomach tablets are sold only in a neat metal box, convenient for the purse or vest pocket, and cost but 50c. J. W. McCollum & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every box that the money will be refunded if the remedy fails to give satisfaction. You run no risk in using Mi-o-na, for you are sure to be cured at trifling expense, or else your money will be returned.

In a public park in Manchester, England, is a statue to the memory of Joseph Brotherton, who represented that city in parliament for many years. On it is this inscription: "My wealth consisted not in the abundance of my riches, but in the fewness of my wants." He is a happy man who makes the most of what he has and worries least over things he has not.

Good old Mother Earth! How she has wrought in the development of man—her chiefest ward. One of the most interesting of all studies is the evolution of the mineral kingdom by man, and in turn the evolution of man by the mineral kingdom. The most antique history is that of man's effort to discover mineral wealth hidden in the bosom of the earth.

The largest public school in existence is the one in New York City where are gathered 5,200 pupils of all nations and require six score of teachers, or one instructor for every forty-five pupils. The range of studies covered by the scholars is graded up from the kindergarten to the eighth grade, which prepares them for high school and the college of the city.

In 1874 the seal herd at our seal islands numbered 3,700,000; in 1891 1,000,000, and now, 150,000. How this reduction has been effected is explained by the fact that in 1893 16,000 young seals were found on the island started to death through the slaughter of their mothers at sea, and in 1897, 300,000 young seals thus miserably perished. If these figures do not cause the universal prohibition of pelagic sealing, humanity and reason must be less potent than we suppose.

The election next Tuesday to decide whether the city shall issue bonds to the amount of ten thousand dollars to buy the old East Florida Seminary barracks lot, promises to be a tame affair. Only seven persons are qualified to vote by reason of having paid their poll taxes due for the years 1905 and 1906, and a perusal of the registration books shows about 62 persons registered in the city who are exempt from paying poll tax by reason of being over 55 years of age. So far as The Sun has heard expressions of the people they are opposed to this proposed bond issue, the business men and property owners, particularly, expressing the opinion that the bonds voted to put in an electric light and gas plant had best be made use of before additional bonds are saddled upon the tax-payers.

Governor Broward has called a special election to be held in Levy county on February 26, 1907, to elect a Senator to fill the vacancy in the 21st District caused by the death of Senator N. R. Carter. It is understood that O. J. Farmer, editor of The Bronson Times-Democrat, John R. Willis and Gus A. Morton of Williston will be candidates for the position. Saturday, Jan. 12th, being the second Saturday in the month preceding the month in which the election is to be held, was the last day for payment of poll taxes in order to qualify to vote at this election, and as very few persons have paid the 1906 poll tax there will be an exceedingly small vote cast. It may be that one of the candidates was aware of this condition and took advantage of the opportunity presented to "cinch" the election.

AN IMPORTANT MATTER.

Editor Sun: I desire in advance of the meeting of the Gainesville Charity Association, to be held at the Presbyterian church next Monday night, to say a word to the public in its interest. This has been the first year in the life of this association, and while it has been an experiment in part, it has also been a marked success.

Charity is not a thing of simply handing out a plate of cold bread, a few old clothes, or the giving of a dime or a quarter to every character who may choose to tramp over the city presenting his card, or telling his story. Charity is giving help to the helpless, feeding the hungry, clothing the naked, warming the cold, administering to the helpless sick, seeing to it, and seeing well to it, that no unfortunate poor suffer within our gates. The most needy of all earth's creatures are never seen upon your streets, or on the streets of any other city. They are barefoot, naked, hungry children, ragged, barefoot, hungry, sick, poverty stricken women, who live on husk and fish, and in ignorance suffer in solitude. While it sometimes happens that those who have been reared in luxury, educated in the best of our schools, and who are as pure in character as the angels of God, have been reduced by circumstances, and run down by conditions which they were powerless to withstand, until sick and ragged and hungry and friendless, they draw themselves into some secluded place, where cheerless days, cold, dark nights, pains without alleviations, and hunger without nourishments mark their last days on earth.

These people have to be hunted out and helped, if helped at all. Unto this end was largely born the Gainesville Charity Association. And unto this end has it worked, diligently, kindly, faithfully and well.

This organization has an investigating committee, whose duty it is to inquire diligently into every case of need which may by any chance come to their knowledge, ascertain the immediate requirements, if any, and make such recommendations to the board of administration as in their good judgment is best. If help is required, the board of administration supplies such help at once. The treasurer of this organization is not allowed to pay out one penny, except upon a written order from the board of administration, and the board is not permitted to give any order upon the treasurer until an investigation is made and recommendations furnished them by the investigating committee. The treasurer is required to carefully file all vouchers for help, and to report at any time, when he may be requested to do so, upon the financial condition of the society. Thus every dollar coming into the hands of the association is not only carefully guarded, but wisely and judiciously spent. The common street beggar, who simply lives by going from town to town, and making a street canvass of every place can be broken up, if you will put your charity money in the hands of this association, and when called upon by these characters simply refer them to the Charity Association, and, if after a careful investigation they are found to be helpless and needy, they will be given such aid as the conditions may require. Many will leave the city rather than be investigated. Thus the needy will be helped, and the unworthy will not be permitted to impose upon you. Help the Charity Association. It will hold its annual meeting Monday night, the 14th inst., at the Presbyterian church. New officers will be elected, and a full account rendered by the old ones. Your presence is very much desired and needed. Come.

YOUR TURN MAY COME.

Every time the closet of your neighbor is opened do you stretch your neck to peep, and then afterward strain your tongue to talk about it? asks an exchange. Do you ever stop to think that some day a tragedy may take up its abode in your home? Can't you get it in your head that some day the tongue of slander may cut you like a sword and the whispers of your neighbor be as vinegar on your wounds? Misfortune and disgrace may have overtaken your neighbor, but it does not become you to get on the house-tops and shout it to the world.

You will not be called upon to answer for any of the sins of your neighbors.

You have all you can do to pay for your own indiscretions.

Some day one near and dear to you may fall—the prison walls may open to a son or the scarlet letter of eternity blight a daughter. When a home is in mourning over tragedy, the best thing you can do is to keep your mouth shut unless you can say something that will come as a rift in the clouds. Then again you know that you may be no better than your neighbor; the only difference is that your neighbor was caught, and you, up-to-date, have kept the sunlight away.

Be charitable, for you know not what day nor what hour the blight will appear in your sacred circle.

God bless the girl who works! She is brave and good and noble. She is not too proud to earn her own living nor ashamed to be caught at her daily task. She smiles at you from behind the counter, desk or printer's case. There is a memory of her sewed up in the adage, climbing, struggling, rejoicing. The sight should be an inspiration to us all. It is an honor to know this girl and be worthy of her esteem. Young man, lift your hat to her as she passes by. Her hands may be stained by dishwashing, sweeping or factory grease, but it is an honest hand and a helping hand. All honor to the brave girl who is not afraid nor ashamed to toil.

Senator S. R. Mallory has introduced in the Senate an amendment to the employers' liability act, passed at the last session of Congress and recently declared unconstitutional by two United States Circuit Court Judges. Senator Mallory's amendment is intended to cure the objections raised as to the constitutionality of this law. He has given the matter considerable thought and study, and it is his judgment that the objections against that law are well founded, and his amendment will meet such objections.

CENTRAL MUST ACCEPT CARS.

Lumber Dealers Force Acceptance from Atlantic Coast Line.
Savannah, Ga., Jan. 12.—An order was passed by Judge George T. Cann in the superior court here directing the Central of Georgia Railway not to refuse to accept carloads of lumber from the Atlantic Coast Line. The order was an injunction, that partook of the nature of a mandamus. The Central was enjoined from refusing to accept the cars offered by the Coast Line.

Several days ago the lumber dealers of Savannah secured an injunction against the Coast Line to prevent its throwing off in its own yards carloads of lumber that were intended for delivery to the Central. It was brought out that the Central, owing to congestion of traffic, would not receive them. The order is intended to enforce the Central's reception of the cars.

Court-martial for Negro.

Washington, Jan. 12.—Secretary Taft has telegraphed Brigadier General McCaskey, commanding the department of Texas, with headquarters at San Antonio, to try at once by military court-martial Corporal Knowles, company A, Twenty-fifth Infantry, negro, who is now under arrest at El Reno, on a charge of having murderously assaulted Captain Macklin, of that regiment. This action was taken by the secretary upon representations by General McCaskey, that owing to a defect in the territorial law, no provision is made for the crime of attempted murder, and that the only way of punishing Knowles, if he is guilty, is through court-martial.

It is said he has been in bad health, and confined very much during the past few days, and took the opiate for nervous condition. By some mistake he took an overdose, and the Grady hospital was called on the case. The family denies suicidal attempt. The deceased is survived by his wife and several daughters. Funeral arrangements have not yet been decided.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin in result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effective medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and sets nature in restoring the system to a healthy condition. Sold by all druggists.

Money to Boom Cotton.

Washington, Jan. 12.—Sen. Latimer of South Carolina, has had the senate committee on manufactures restore the appropriation of \$20,000 for the employment of experts to work abroad to boom the south's trade in cotton products. This appropriation, it will be recalled, was dropped this year by the subcommittee on appropriations of the house. The outlook for the restoration of the appropriation in order to continue the work in foreign fields is thus considerably improved. Two other southern members on the committee on manufactures, Clay, of Georgia, and Frazier, of Tennessee, approved the measure.

Bishop of Agnew, Mich., writes: "I have used Foley's Honey and Tar in three very severe cases of pneumonia with good results in every case." J. W. McCollum & Co.

GOV. GLENN READS MESSAGE.

Although Some Held This Method of Procedure Unconstitutional.
Raleigh, N. C., Jan. 12.—Over the protest of certain members who held that it was unconstitutional, Governor Glenn appeared before the joint session of the legislature and personally read his biennial message, which dealt with state affairs, the most important recommendation being that 2½ cents per mile be fixed as the maximum passenger rate in North Carolina.

Much attention is given in the document to insure reform but no radical suggestions are made. The legislature is urged to establish a bureau of thimble with an annual appropriation sufficient large to secure foreign labor for the farms and factories.

The resolution to investigate all public service corporations will bring on a spirited contest.

At this session the legislature will re-elect United States Senator F. N. Simmons, whose term expires March 4, 1907.

A Thousand Dollars Worth of Good.

A. H. Thurnes, a well known coal operator of Buffalo, O., writes: "I have been afflicted with kidney and bladder troubles for years, passing gravel and stones with excruciating pain. I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1,000 worth of good." J. W. McCollum & Co.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.
